Hayden Peak Elementary
School Community Council
Agenda
November 20, 2026
7:30am - 8:15am

1. Welcome
    - Roll Call

2. Review Previous Meeting Minutes
    - Sept. 18, 2026 meeting date

3. Additional Targeted School Improvement (ATSI) for Students with Disabilities and Targeted School Improvement (TSI) for ML students

4. RISE Data in ELA, Math, and Science

5. Safe School Route
    - Message from a crossing guard to review

6. JPAC Meeting Summary

Hello, Principal Susuico and Vice-Principal Jack,

I am contacting you in relation to your safe walking route. As you know, Hayden Peak Dr connects 4800 W to Grizzly Dr. With that road's completion, students, both yours and West Hills, are using it to walk home. The students either cross at 4800 W with the Crossing Guard then continue north on the eastside or continue north on the westside of 4800 W. to cross 7800 S. Your safe walking route map has your students cross Grizzly, with Crossing Guards, walk north on Grizzly to cross 7800 S then Grizzly, with the Crossing Guards. If your students need to, they then walk east on the northside of 7800 S to cross the north crosswalk at 4800 W with a Crossing Guard. My guard at 4800 W 7800 S is watching around 10-15 students a day cross 7800 S, mostly on the west crosswalk. We are concerned that a student will get hurt crossing 7800 S at 4800 W. As per your safe walking route, the guard only crosses the north crosswalk across 4800 W at 7800 S. Would you please discuss a possible change to your safe walking route with your School Community Council so we can make a change for the new school year?

With the numbers of students my guard is telling me that are crossing, I would be more than happy to add another guard at that location for the new school year. If you have any questions or comments, please do not hesitate to contact me.

Next Meeting Dates: Jan. 22, 2027 and Mar. 12, 2027
