

## Christmas a-comin'

### Verse 1

Christmas a-comin' and the geese are getting fat.  
Please put a penny in the old man's hat.  
If you haven't got a penny, half a penny will do.  
If it's nothing you've got, then God bless you.

### Verse 2

Christmas a-comin' and cake is sweet.  
Lick the spoon 'cause there's nothin' to eat.  
If you must take a bite I pity you,  
'Cause you'll get nothin' when your time is due.

### Chorus

Christmas a-comin', Listen, see the light.  
Christmas a-comin', Listen star bright.

### Verse 3

Christmas a-comin' and the tree is tall.  
Bring out the lights for one and all.  
If you shine a little light, shine a little light, light,  
Take the darkness from the night,  
from the night, from the night.

### Verse 4

Christmas a-comin' and the new year soon,  
Fa la la la, fa la la la  
La la la  
Brightly now in a holiday tune,  
Fa la la la, fa la la la  
La la la.

### Chorus

Christmas a-comin', Listen, see the light.  
Christmas a-comin', Listen star bright.

### Verse 1 (repeat)

Christmas a-comin', and the geese are getting fat.  
Please put a penny in the old man's hat.  
If you haven't got a penny, half a penny will do.  
If it's nothing you've got, then  
God bless you.
