

SCC Meeting Minutes
Hayden Peak Elementary
Friday, Nov 17, 2017
7:30 AM

Members in attendance: Tina Lyon, David Butler, Ann Robbins, Greg Hoch, Jason Wiersdorf, Andrea Marshall

Safety

- Crossing Guards are doing good, however council has seen several crossings where there are no crossing guards. Let's encourage students to take a little more time to be safe. Cross where there are cross guards. Mr. Butler will go over safe crossing with students during an assembly.

Testing Results

SAGE

- Significant improvement in language/arts, math and science.
- Proficient testing results (per median growth percentile) continue to climb year over year at Hayden Peak.
- We are seeing growth on almost all kids in the school. ELL group is the exception, but may be lacking appropriate data (due to small #s) to understand actual growth.
- District offers English classes for parents of ELL students.

DIBELS

- Data shows we need improvement. Aids in both kindergarten and first grade have been added to help improve reading progress.
- Teachers now using DIBELS process monitoring

Request for MAPS to be available prior to next meeting.

Next Meeting

- Friday, January 19th @ 7:30 a.m.: Review Student Neighborhood Access Program (SNAP)
