PTA Board Meeting Minutes 1/9/18

Final Fundraiser count $16,102.00

Need to be signing the minutes and keep a record.

Minutes approval_ Jenette and Sarah

Box tops are underway the prize is having the principal in the winning class for a day. Sara may need help counting. Just send an email or a text if you need help.

Reflections awards night. We had 3 kids from our school to make it to region.

We need to put together our nominating committee. It has to be a committee of 3 members. We need to find a president elect for next year. The person/people have to be posted for 30 days for everyone to see then a group of 10 members can make the final vote. This is a high honor ;) Just tell folks that it doesn't involve much. Beth, Sarah and Marianne will be on the committee. Need to elect a chairman within the group and get someone posted within 30 days. You can send a note home if wanted to solicit volunteers. Talk to Rendi to see who volunteers a lot and go from there. Let the scouting begin!

Send flowers to Mrs. Swanick, the funds can come out of the PTA budget.

SEP is on March 15th and 16th. The dinner will most likely be on the 14th around 3:45pm.

March 14th is PIE day, we could do Pot Pies for the dinner???

Dad's and Donuts will be on Thursday the 15th… early out day.

Pricipal's choice award was new this year and we need to display it… any suggestions on where? The shelf under the TV in the office? Is there a display case that we can get and reuse it every year? The library?

In February the benchmark #2 party is scheduled for February 9th. Students have to be proficient in one of the three areas.

March 23rd we are hosting the PTA council meeting here. The principal usually does a little report and have a group of students share something.

After the Christmas Boutique we were technically in the hole but she had $75 items left over that we can use next year. If we returned the items we would break even. Maybe we should do the Christmas Store company next year so that we can return the items and not be in the hole??
