### Jordan District Flexible Friday Expectations

- Principals may structure Flexible Friday schedules to meet school needs.
- Schedules will be based on consistent building blocks: 3 hours student engagement, PLC time (if not held Monday - Thursday), regular Friday contract and prep time, grab and go lunch.
- Exact schedules and expectations will vary by school.
- On Flexible Friday, students should all have something they are working on.
- Teachers can give new assignments on Flexible Friday, or can ask students to continue work from the week.
- Students cannot be required to attend in person on Flexible Fridays, but teachers and teams may make arrangements with parents for individuals or small groups of students to attend scheduled in-person instructional activities.
- It is not expected that students meet with teachers synchronously throughout the day.
- Time will be set aside for collaboration/planning, teacher-initiated student interaction, and teacher availability.
- Teachers can set up live or recorded video interactions with students on Flexible Fridays.
