

Hayden Peak School Community Council

March 13, 2026

Attending: Bruce Collins, Natalie Jacobson, Rachel Pehrson

Not attending: Maggie Blau, Jesi Sandren, Becky Tucker, Tina Susuico

Also attending: Trudy Jack, Nicole McDermott (running for state school board)

Meeting came to order at 7:32 AM.

Minutes from the last meeting were approved.

Safe Walking Route: Trudy visited with the city about the route and shared the email received by the SCC from a parent. They recommend waiting a couple years until all the buildings are finished in the construction to the east on Hayden Peak Dr. They recommend not changing it before then because of the impact building may have on the route. The city recommends waiting 2 years to reevaluate the walking route.

The city is conducting a traffic count right now for a 4 way stop at the corner of the elementary on Grizzly Way.

TSSA Plan: The goal is to increase by 1% on the school report card from 64 points to 65 points. To accomplish this goal the school coach will emphasize using the new curriculums when working with teachers, professional learning will be available for teachers to implement programs including summer PL. Multilingual Learners & Students with Disabilities will be the two groups focused on for after school tutoring as they are the subgroups with the least growth. The plan also includes weekly Professional Learning Committees (PLCs), time in the summer for teachers to plan, purchasing updated Chromebooks, substitutes for teachers to observe each other, a wellness aide to help students regulate behaviors, and a full-time substitute for the school,

Land Trust: The goal is to increase RISE scores in ELA & Math by 5%. To accomplish this goal teachers will meet in Collaboration and Planning (CAP) meetings on Fridays, aides for rotations will include PE, Music, STEAM, and BTS, and teachers will be provided with substitutes to have time to observe in other classrooms.

Another goal is that 60% of students will reach benchmark on Acadience for K-6 ELA and K-3 Math. To achieve this goal four aides will support Walk to Read so students needing Tier 2 interventions can participate in the 95% program, teachers will progress monitor reading with an aide to support monitoring, teachers will determine needed interventions in CAP meetings, and a math assistant will help with interventions.

If funds cannot be spent on hourly assistants, the school will purchase reading software, books, hire consultants to work with teachers to identify needed supports for students, allow teachers to attend conferences, and employ a full-time substitute. If a BTS teacher cannot be hired, then another teacher will be needed for a 4th rotation.

Transition for Next Year: Current members can let the principal know of intent to return in the fall. The poster board about SCC could be set up during Back to School Night. Elections will be held in the fall and positions will be determined at the first meeting of the next school year.

Members expressed appreciation for the work done by the council and officers this year.

Meeting adjourned at 8:01 AM.
