

Hayden Peak Elementary

TSSA Plan

2026 - 2027

Goal

Our school goal will be to increase by 1% for next year. Our total awarded points based on our school report card was 64 points. Our goal is to increase to 65 points or better.

Coaching Piece

Our coach will work with all teachers with an emphasis on providing support to our provisional teachers. She will work with teachers and assistants to implement Walk to Read, UFLI, Heggerty, MSRC, Wit and Wisdom, and Open Up. She will model lessons, co-teach, observe, conduct Coaching Impact Cycles with teachers, and set up action plans with teachers. It will help teachers to be intentional and cohesive with accountability with school-wide and district expectations.

Professional Development

Provide stipends for teachers to implement programs, grade level meetings, ILT meetings over the summer and throughout the year. Hire assistants for teachers to be able to collaborate and plan as well as implement Walk to Read. Attend professional development, conferences, and/or trainings to bring back what we've learned to teach others and implement at our school. Teachers will have the opportunity to tutor students after school more specifically our ML and SWDs.

School-Based Initiative

The school initiative will provide teachers with time to really dive deep into their power standards and develop a plan for student success by providing time for teachers to meet over the summer. Purchase Chromebooks to replenish and/or update technology. Purchase computer programs that will reinforce math, ELA, and SEL concepts in the class. Provide teachers with substitutes for teachers to observe other teachers in our school and/or other schools to learn academic and behavior strategies used by other teachers. Provide an aide for our wellness room for students to take a break in before they become dysregulated in the general classroom setting. Provide a full time substitute for teachers.
